

A historic day for Bossier City and Women Veterans everywhere!

Today was the unveiling of the FIRST MONUMENT IN THE SOUTHERN US honoring WOMEN VETERANS from all five services.

This has been years in the making and such a wonderful gift to our area. Special thank you to Sandy Franks and the Women Veterans of the Ark-La-Tex for making this happen.

You can go by the Bossier City Municipal Complex and say hi to her. If she looks familiar to you, she was modeled after several women vets in our area. What an honor!

Congratulations Ark-La-Tex and Women everywhere!

Jean Simpson Personnel retired (Theresia Kveder), long-term (Karen Baronette) and newbie (Beth Waldrop) represented us well in the masses of people excited to be part of this historic event.
